ARDC'S REGIONAL PLANNING DIVISION

Regional Planning is one of four program Divisions at the Arrowhead Regional Development Commission (ARDC).

The Vision of ARDC's Regional Planning Division is to be the "Full Service Planning Resource" for the Arrowhead Region of Minnesota. We focus on helping communities with all facets of the community planning process from comprehensive planning and zoning ordinance development to specialty planning for specific community improvements. The Division also does planning on a regional basis with the intent to improve the quality of life for all residents and the quality of experience for visitors.

Regional Planning primarily works on a fee-for-service basis, but does annually use part of the ARDC levy to leverage state and federal funds for Regional projects. Additionally, the Division has an ongoing grant programs to offset the cost of transportation planning services to local units of government. The Grant is titled the Regional Transportation In-Kind Planning Grant.

The Regional Planning Division has a staff of six Planners, a Geographic Information Systems (GIS) Specialist, and a Division Secretary.
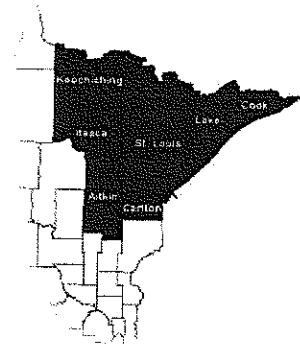

What can the Regional Planning Division do for you?

ARDC's Regional Planning Division is here to assist local and regional governments implement their visions. The Division has a eight member team with backgrounds in land use planning and ordinance development, economic development, transportation programming, bicycle and pedestrian planning, and geographic information systems. Regional Planning has facilitated and published Comprehensive Plans, Land Use Ordinances, land exchange processes, trail system plans, road network plans, scenic byway management plans, design plans, housing assessments and more.
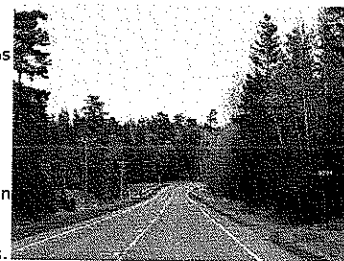

The Regional Planning Division upholds ARDC's mission *to serve the people of the Arrowhead Region by providing local units of government and citizens groups a means to work cooperatively in identifying needs, solving problems and fostering local leadership.* Whatever your needs as a government entity are, the Regional Planning Division can help. Contact Andy Hubley at 218-529-7512 to discuss the possibilities.

Programs

Transportation
The Transportation Program assists local governments to make informed investments in their transportation systems. ARDC particularly works to develop alternative and sustainable forms of transportation for pedestrians and bicyclists. The Regional Planning Division also serves as staff to the Area Transportation Partnership, the Regional Transportation Advisory Committee (RTAC), and the North Shore Scenic Drive (NSSD) Council.

Learn about ARDC's bike and ped planning projects! Click HERE.

Community Planning
ARDC works hard to help local and regional entities with improving communities. The Regional Planning Division serves as planning staff on an ongoing basis to several smaller communities that could not afford full-time planning staff on their own. ARDC also assists communities with comprehensive planning and ordinance development. The Division also has GIS staff available to assist communities with mapping and spatial analysis. ARDC is particularly interested in intergovernmental cooperation, and serves as staff to two regional entities-the North Shore Management Board and the Regional Housing Advisory Group.

District News
Many construction projects are scheduled for District 6 during summer 2011. We invite you to view recent news, traffic impacts, district events, and future and current construction projects on our Web page.

    Interstate 35 and ramp closures in Steele County begin May 13

About District 6
Eleven counties in southeastern Minnesota comprise District 6 of the Minnesota Department of Transportation. Headquarters are located in Rochester, and two more district offices are located in Owatonna and Winona.

Services
The MnDOT team in District 6 plans, designs, constructs and maintains the state and federal highway systems within district boundaries. We also manage the aid and assistance given to county and city systems that qualify for state and federal dollars. District 6 also provides transit, trail and rail transportation services.

Home of the National Eagle Center.

There are 10 full service rest areas in District 6. Two of these also serve as information centers. The Dresbach Information Center serves westbound I-90 travelers, and the Albert Lea Information Center serves northbound I-35 traffic.
If you are interested in public involvement with our transportation projects, please go to District 6's Area Transportation Partnership page for more information.

District 6 is looking for public input on the **Local Human Service Transit Coordination Plan**. Please click on link for further information and to view the plan.

If you are interested in local projects that may be eligible for trunk highway funding, please go to District 6's Municipal Agreement Solicitation Program page for more information.
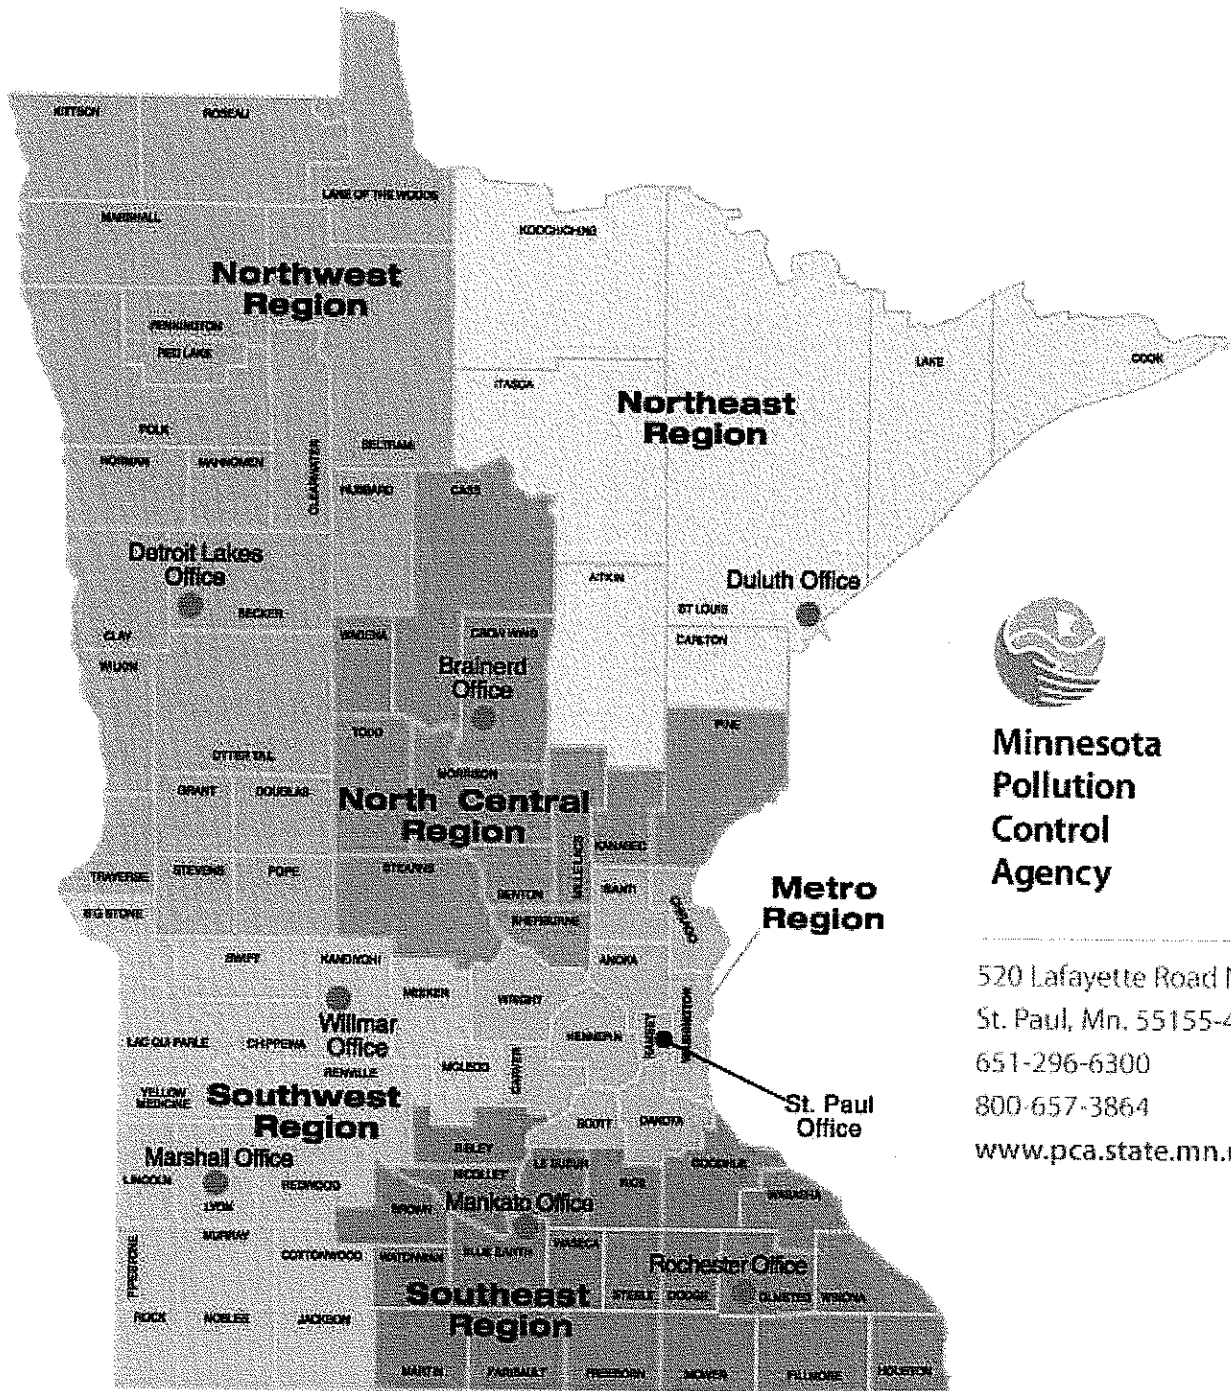

Counties Served
District 6 serves Dodge, Fillmore, Freeborn, Goodhue, Houston, Mower, Olmsted, Rice, Steele, Wabasha and Winona counties.

Minnesota Regional Development Commissions

What is a Regional Development Commission?

There are 9 Regional Development Commissions (RDCs) in Minnesota covering 63 counties.
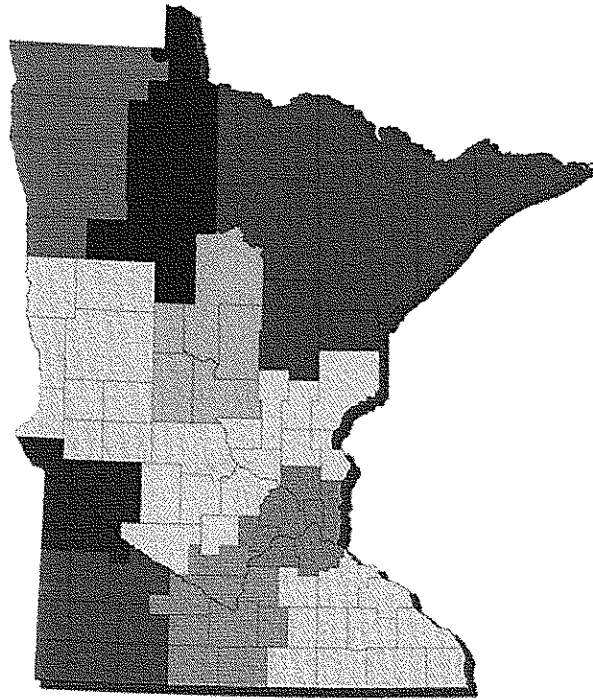

RDCs were established in MN statute in 1969 to provide technical assistance to the local units of government in their region.

RDCs perform a variety of unique services based on the needs of their region.

RDCs partner with numerous state and federal agencies, obtaining and administering grants for programs and projects at the local level.

RDCs are governed by volunteer board of directors composed of elected officials and business and community leaders.

RDCs are recognized for their fiscal responsibility and capabilities in professional program management.
