RE: 10-PR-16-46
In re the Estate of Prince Rogers Nelson, Deceased

Dear Judge Eide:

I write to request a formal hearing on my claims and to inform you of some goings on in our case as I continue to try to speak with you about my husband, Prince Rogers Nelson, and the estate proceedings that have gone on without me the last five years. As I've said, I believe my life and safety are in danger for just filing these letters and affidavits. I attempted to participate in a hearing that you held on August 27, 2021 but was told that it was about issues somehow unrelated to me, and was not given the Zoom information necessary to attend the hearing virtually. You have no chambers and did not hold court in person, and so there was no possible way for me to attend.

I am still hoping to meet with you in person and not on Zoom, as I believe people who are not parties to this case will be watching, and may be some of the persons involved in attempts on my life or making threats to Prince and I over the course of many years. They may show the feed to other people who they may then send to harm me. I am hoping that we can find a way to meet in person, even if it is simply to discuss a safer way to adjudicate my claims. I have no problem with Prince estate lawyers and my in-laws counsel being present at such a meeting or hearing.

I should explain that I had some difficulties with my service of the August 18, 2021 filings, but that I believe I've still completed effective service. An explanation follows. I will say that it would be very helpful and cost effective if you would ask the five parties that I've had to serve by U.S. Mail to supply me with valid e-mail addresses so that I can get documents to them quickly, and to save costs.

Since I made a service error in titling my Affidavit of Cassandra Boyd incorrectly, and because we now have a delay in hearing and I had additional facts to add, I now file an Amended Affidavit of Cassandra Boyd. You will note that it and accompanying letters are notarized. This should be helpful, should you need these documents to adjudicate other matters.

I reorganized the Affidavit to make it a little easier for the attorneys to read and refer to. I tried to organize things as much as possible by witness with the most predominant set of facts. I did not think I should wait to get this to you and realize that I may later need to do a second affidavit, as I likely need to explain more thoroughly or must answer new questions arisen by my claims. It is my hope that we can settle these matters with as little media attention as possible, though I realize some is likely. I'm attaching a draft gag order and draft specific performance order for review. If the court is able to mediate settlement negotiations between us, the Estate and my in-laws attorneys will likely need

to make comments and may have concerns which we can address early, before we have problems we can't solve with the media or Estate employees. It is my hope that we can work respectfully and cooperatively together to resolve this case without further pain and suffering and with consideration for each others feelings. I am very concerned that my in-laws sharing of personal and professional information about both Prince and me has put my life in danger. I am hoping that, if they are doing that, that this process will help stop it. Attorneys, I look forward to your comments.

What follows is included in my Amended Affidavit of Cassaundra Boyd dated September 2, 2021. On August 18, 2021, I filed a Letter to Judge Keven W. Eide and an Affidavit of Cassaundra Boyd which was served in error with the title Statement to Attorney. This filing was rushed and done in a panic. I'll explain. I originally prepared this statement so I could meet Attorney Kenneth Abdo and help him understand what kind of help I needed. You'll recall from other parts of this affidavit and my first filings that Prince hired Kenneth with an understanding that he would help me in the event that I could not reach Prince, or if either of us was harmed in some way. After taking time to calm myself after the shooting on August 5, 2021, I knew that I urgently needed to speak with Kenneth Abdo. I had been frustrated over the last two years waiting for him to contact me. Now, I could no longer wait. I was worried every time I left the house that someone might come back to shoot me. I sent Kenneth an e-mail asking for his help and noted financial constraints which made it difficult for me to afford to travel to come to see him. I asked for an appointment with him. To date, I have only received the automatic out of office reply from Kenneth that he was already on vacation on August 11, 2021 when I reached out to him, that it was a working vacation, and that he would be out all week. I was concerned that Kenneth might not have ever intended to help me. The shooting happened on Thursday August 5, 2021 and by Monday August 9, 2021, it seemed he'd left for vacation. Still, I thought, Prince paid him to help me and so I'd better give hm a chance. Prince had told me, three years prior to his death, that he paid Kenneth in advance to help me and that it would be enough money to cover any kind of assistance that I would ever need. Prince told me it was somewhere around 1.5 million dollars. Prince also told me that he left Kenneth certain documents as proof of our marriage including our marriage certificate. Prince told me he did this out of concern that Beyonce Knowles Carter and Jay-Z Carter would try to invalidate or otherwise hide the fact that Prince and I were married if he passed away, as they had an abnormal and obsessive fixation on both of us, didn't want us to be married, seemed only to marry each other six weeks after Prince and I got married because neither of us was available any longer and they needed to save face, and because of their desire to steal our music and take control of our property. Prince told me this. He said he always knew they were obsessed not only with how we look, but with what we can do and how much attention you can get for it. Kenneth was supposed to contact me with he saw me approach my relatives but had not done so. I thought, if Kenneth does not respond, I have to go and ask the court for help. I can't wait anymore. If I do, someone is going to kill me. Kenneth never responded. I gave him through Monday August 16, 2021, thinking he's got to be back in the office or at least responding to e-mails by now. After all, he said in his out of office reply that he'd be gone just "that week." So, on Tuesday morning, August 17, 2021, I went on the court's website, trying to find out who the judge was on our probate case. It said the our judge was retired. But, I also saw a note that there was a hearing scheduled for August 27, 2021 on a motion to close out the probate case. I knew that I had to travel to Minneapolis that night and file something to stop the case closure. I called probate's court administration office and found out that Judge Eide was retired but was still working on Prince's probate case and was bonded to the case, that he had no chambers, and would come to the courthouse to appear remotely at hearings while using an empty chambers. I told the clerk who answered the phone that I urgently need to speak to Judge Eide. She said I would not be able to talk to him directly because this would be considered an ex parte communication, but that I should write him a letter and just tell him what I wanted to say. I got off the phone and hand wrote a letter to Judge Eide, bought a Megabus ticket online, and planned to leave later that night after stopping home to pack up some things and change clothes. When I arrived in Minneapolis, on August 18, 2021, I

printed and photocopied the letter and an Affidavit of Cassaundra Boyd, which was really a statement I had been working on to give Kenneth which I did not have time to edit. Somewhere in the printing process, I did not save the changed title to the saved document, and it ended up getting served as Statement to Attorney. The body of the document is exactly the same though. In any case, I didn't notice this error at the time. On August 18, 2021, I filed the Letter and Affidavit of Cassaundra Boyd in person at probate court administration in Chaska, Minnesota. I asked the clerk there if she could get this letter to Judge Eide immediately, and let her know that I traveled to Minneapolis solely to get this letter to Judge Eide as soon as possible. The clerk told me that she was actually right then working on that particular case file and scanning things to send to Judge Eide, and that she would send my documents to him that day, in as little as 30 minutes. It was around 11 am at that time. I asked for a contact to follow up on the filing as I was told that Judge Eide had an on duty staff attorney. I was given the name and phone number of Yvonne Shirk. Upon returning home to Chicago, on Thursday August 19, 2021, I called Yvonne and left her a message stating the following: that I had filed a Letter and Affidavit in person regarding the Prince probate case and that I believed that the filing of these documents put me at physical risk, indicated that I was afraid to serve them and that I needed help from the court and wanted to speak with Judge Eide. I also said that I wanted to know if the court was going to treat my letter as an objection to the estate's probate case closure motion because I objected to it. I left my phone number and e-mail address. On Friday August 20, 2021, I received an e-mail from Yvonne stating that she could not give me legal advice and she was sorry she could not help. I was upset and feared for my safety just for filing these documents, feared serving them, and felt that there actually was something the court could do but that Yvonne might not understand my request. I wasn't asking for legal advice. I realized she hadn't read my papers, and so I had to handle this on my own. Between Saturday and Sunday August 21-22, 2021, I tried to obtain a service list off of the court docket for the case but most of the signature blocks did not include names, addresses, e-mails, or phone and fax numbers. I had to look everything up on the internet and hope I had the right information. I created my own service list based on the parties that I believed needed service and sent electronic e-mail service to most of them. Two had to be repeated to send the documents in multiple e-mails because of size limitations. Omarr Baker's lawyer's e-mail got returned with a mailer demon because you apparently can only e-mail others within their firm. I was able to successfully serve all other parties by U.S. Mail or E-Mail on August 22, 2021. I saw the mailer demon, and repeated Omarr's service on Thursday August 26, 2021 with a second U.S. Mail service for him only. A certificate of service for Omarr's second service will follow. I included a Notice of Filing of the Letter and Affidavit as well as a Certificate of Service in the filing and included courtesy copies for Yvonne Shirk since I realized I was providing legally adequate but short notice. I noticed my Notice of Filing for that Friday August 27, 2021 as is expected when you've already got a hearing set and have time for proper notice. I waited to hear something from someone but didn't. I was trying to figure out how to participate in the hearing. On Wednesday, August 25, 2021, I called probate court administration and spoke to another clerk. I told her that I filed the letter and affidavit on August 18, 2021, and that I feared for my safety, and that I needed to speak to Judge Eide, and that there was a hearing on August 27, 2021 to close out the probate case and I needed to participate. She told me I would not be able to talk to Judge Eide directly because that would be considered an ex parte communication. I asked her if the court has a Zoom room. She said no. She said everything happens remotely and that I needed to talk to Yvonne to get the Zoom information since it was her Zoom feed so I could participate. I hung up with her and called Yvonne. I told her that I needed the Zoom information so I could participate in the hearing. The next day, on Thursday August 26, 2021, I got an e-mail from Yvonne stating that the hearing on August 27, 2021 was related to another party. We had an e-mail exchange where she indicated that she thought the courtesy copies that I'd sent had not been filed. I explained the title error to her and reiterated that I believed that I had the right to participate. Yvonne reiterated that the hearing was about some other part of the case, that she had a misunderstanding in believing that my documents were not filed, and that she

was waiting to hear of a date to hear my claims and that it might be October 15, 2021 at 1:30 p.m. but she was not sure yet. Yvonne did not provide me with Zoom information to participate in the hearing. Basically, I'm in limbo. I don't know where things stand, when or if you have decided to hear my claims, and if there are any issues with my lack of appearance at the August 27, 2021 hearing. As you see, I tried to appear. I was told essentially that I could not and was not given the Zoom information by the only person that held it. I write again to communicate all of this to you and to ask for a formal hearing. I am hoping that I can meet with you face to face instead of Zoom, because I am still in great fear for my personal safety. I, of course, am willing to meet with you with the Estate attorneys present, and my in-laws attorneys, but I wonder if there is a special witness or potential victim's statute that makes it possible for you to meet with me without them, if for no other reason to communicate my safety concerns and plan to be heard in an environment that takes my safety into consideration. I am very concerned that the Zoom feed can be disconnected or tapped into so that I am not heard or so others, parties to the case or not, can show others what I look like and send them to follow me or worse. I'd like to now request that you notify me of a formal hearing date where my claims can be heard. I look forward to hearing from you soon.

RE: 10-PR-16-46
In re the Estate of Prince
Rogers Nelson, Deceased

Dear Judge Eide:

My name is Cassandra Boyd.
I urgently need to speak with you
regarding the Estate of Prince
Rogers Nelson. Prince is my
husband. We were married February
16, 2008 in Chattanooga, Tennessee.
Prince and I concealed our relationship

from the public because of numerous death threats we received from Prince's ex-wives and other celebrities. They told Prince, if he and I were seen in public, that I'd be killed and so would he. I believe that this group is responsible for my husband's death and that they and Wave, a music and entertainment company, have colluded together to steal control of my assets and make me fear for my life if I came forward. Prince told me that he called his sister, Tyka Nelson, in late 2012, and asked her for help in concealing my identity but help me have control and management of our property should anything happen to him. Prince told me to wait at least a few years, until the dust settled, and then contact Tyka. If she did not help, contact Prince's other siblings. If they don't help, contact Wave. Prince told me that when I approached Tyka, a lawyer named Kenneth Abdo, would be watching to see if I

approached her and contact me. Kenneth and Prince talked about me, Prince said, and his services were paid for, so I wouldn't need any money to get him to help me. I went to Paisley Park and took a tour October 13, 2019 and no one approached me from the Nelson Bakers but I believe I was followed. I returned to Minneapolis last year September 3-6, 2020 and took 2 tours at Paisley Park and also stood outside Tyka's home, trying to get attention on her RING doorbell. I was afraid to go to the door. I believe I was followed by Prince's relatives but no one approached me or tried to contact me. I've been waiting 2 years for Kenneth Abdo to contact me but he has not. Please see the attached e-mail I sent to Kenneth Abdo. He has not responded to me. On August 5, 2021, I witnessed a shooting outside my home at a nearby bus stop. I watched a man shoot another man

across the street. He had a clear sightline to me. Luckily for me, I ran and hid behind a car parked behind me in a daycare parking lot. I put my things inside my home and ran across the street after the police arrived to let them know that I witnessed the shooting. I believe that the celebrities that are helping my relatives run a gang on the south and west sides of Chicago and that they asked this man to shoot me and tried to make it seem like it was just part of gang violence. My neighborhood has become more violent the last few years and I think these celebrities are trying to make the neighborhood violent so that I will move since Prince and I chose this home together. The celebrities in question all have some sort of crush on Prince or me or both of us and nearly all of them are bi-sexual.

They've propositioned him for sex and repeatedly demanded that he offer me up to have sex with them as well. When he refused, they threatened to kill or rape both of us. I found out about all of this in 2004, when Prince and I began our romantic relationship.

But, as far as I know, they have been making demands that he offer me up to have sex with them since 1997. I have known Prince since I was 4 years old.

I am a multi-instrumentalist, singer, songwriter, dancer, choreographer.

I started writing Prince and he wrote back. We kept in touch over the years off and on, but did not have continuous contact until March 2002, when I saw him outside of the Chicago Theatre in Chicago when he was retrieving his gear after a weekend of shows there. Prince's band members and the celebrities in question have all known of our relationship but have chosen to support the Nelson Baker's illegitimate business instead of telling the court or trying to help me. The celebrities in question have never had

any kind of sexual relationship with me, but have been lying over the last 20 years, telling people they've had sex with me or Prince or both of us when they did not. Prince and I were monogamous and had a faithful committed relationship until his death, despite the lies these celebrities have told the media. Neither Prince, nor I, have had sex with any person other than each other since at least March 2002. I am not bisexual and neither is Prince. I have never had any type of sexual contact with a woman and have never been promiscuous. I tell you this because I fear that my name will be smeared in the press as I come forward and that these liars will defame Prince and I in the press, as they have for years within the celebrity community. I am asking you to conceal my name and the whereabouts of my home in Chicago and issue a gag order so that the press cannot talk about me except

to say that I am his wife. If they stay 500 feet away and away from home and my family in the Chicago area, and not investigate and report on my finances, education, childhood and ^{not} talk to my family or neighbors about me then I can accept it if they choose to film me. But I want and need privacy. There was an accident at the bike shop across the street from me a week and a half before the shooting where a young woman died. I left the morning of the incident to see a Ch. 7 ABC news truck parked adjacent to my home. 2 other trucks were positioned nearby. I actually think I might have been filmed during their reporting and believe that these celebrities asked them to spy on me. Prince told me that the celebrities in question followed and spied on me and him over the last 30+ years and that they use red light cameras, smart phone hacking, wi-fi interception, credit and debit card tracking and spy cameras

and software to follow and interfere with their competitors lives. They have worked together to sabotage my professional performance career and have bribed Prince's musicians to feed inside information to them to put him and me at risk. I pray that

- (1) you will deny the Estate's motion to close the probate case;
- (2) you will issue a gag order to protect my identity;
- (3) you will order any and all documents and proofs that Kenneth Abdo has in his possession to be given to you, as he has a copy of our marriage certificate and other evidence;
- (4) you issue restraining orders so that the following parties do not approach me and have no contact with me: Tyka Nelson, Omarr Baker, Sharon Nelson, Nomine Nelson, John Nelson jr., the family of Alfred Jackson, Kanye West, Kim Kardashian, Khloe Kardashian, Kourtney Kardashian, Kylie Jenner, Kendall Jenner, Mayte Garcia, Manuela Testolini,

Eric Benet, Mariah Carey, Jay-Z Carter, Beyonce Knowles Carter, Alicia Keys, Swiss Beats, Drake Graham, Rihanna Feat, Kirk Johnson, Judith Hill, Wendy Melvoin, Lisa Coleman, Van Jones, Kim Berry, Sheila E, Andy Aro, and their families as I believe that they colluded together to kill Prince and are trying to kill me;

(5) you set a new hearing date to allow you to review the documents in Kenneth Abdo's possession and further investigate my claims so that I can be awarded sole possession and ownership of Prince's assets and so that you can prepare to prosecute my in-laws, the Nelson Bakers, for their collusion together to steal my property from me and try to kill me while betraying their brother's wishes - that they'd help me so none of this would happen to me.

Regards,

Cassandra Gray

Hi Kenneth:

My name is Cassandra Boyd. I need to speak with you regarding Prince Rogers Nelson. He told me to contact you after a certain amount of time passed prior to his death. I would like to talk to you when your office is closed. I have planned a trip to Minneapolis for the weekend of September 17-19, 2021 but I can change that to work with your schedule. I only want to talk in person, not over the phone or by E-mail. Please meet me in your offices September 18, 2021 at a time of your choosing. If that doesn't work for you, we can do a Thursday evening when your offices are closed or a different Saturday. I should tell you that I really don't have money to travel. I'm on a very tight budget. I'd saved money to come to Minneapolis in June before Prince's birthday, but had to cancel that trip. I rescheduled for September, but just had an emergency roof repair that cost nearly \$4000. It wiped out my savings. At this point, I probably have to take the bus and time our appointment so I can take a return bus so I don't have to pay for a hotel room. If I fly in and out the same day I'd have to come to your office during the day. I really don't want to be there with other people in the office. Just you and whoever is necessary. I haven't made any plans to take Amtrak because it drops you off in an area that I think is far from your office. I've only planned to take either the Megabus or fly. With either, I can take a tram to Target Center and/or then walk to your office after I arrive. That's affordable. If I take the bus, I've got 2 options everyday, 7 days a week. 1) A bus leaves Chicago at 8:45pm and arrives in Minneapolis at 5:45am 2) A bus leaves Chicago at 9:00 a.m. and arrives in Minneapolis at 6:10 p.m. The cost including taxes round trip is \$122.48. I can come up with that. But, I do not want to be in your office when your firm has normal business hours. I'm also expected to help family members in Chicago mornings until 4:30 p.m. 4 weekdays each week. I can change the day I come to work with your schedule but I can only stay long enough to talk to you and then hop on a return bus to Chicago so I don't have to pay for a hotel room. I wanted to stay at the W Forshay near your office because it is literally a 4 minute walk from you and I think, very safe. Problem is, the cheapest room you can get is \$125/night plus you'll have a room hold charge of \$50 or more. I can't afford that now. I've already paid for the following flight but, under the circumstances, I think I'll have to cancel it and take the bus. Friday, September 17th UA flight 2467 9:05p.m. out of O'Hare Chicago arriving in Minneapolis at 10:29 p.m. Sunday, September 19th UA flight 658 8:12p.m. out of Minneapolis arriving at O'Hare Chicago at 9:40 p.m. I had this all saved for and planned out when I booked flights in April. I just had to convince you to be willing to work on the weekend. With my roof depleating my savings, I've got no other options. Looks like the bus. But, let me know what works best for you. I need to do whatever will make it so you can help me. I need you to tell the judge presiding over Prince's probate case that I contacted you as soon as possible. I will need to talk to him/her as soon as possible. You'll understand when we talk. Also, please note to the judge that Tyka Nelson and Prince's other siblings have never tried to contact me or had contact with me of any kind before or after his death. Again, I will explain when we meet. I eagerly await your response. Regards, Cassandra Boyd

Your message to info@musiclaw.com couldn't be delivered.

The group info only accepts messages from people in its organization or on its allowed senders list, and your email address isn't on the list.

boydcommunicationsll...	Office 365	info
Sender		Action Required
		Sender not allowed

How to Fix It

It appears you aren't in the same organization as the group (or a sub-group) you're sending to or your email address isn't on the group's allowed senders list. Ask the owner of the group to grant you permission to send to it, and then try again. If the group belongs to a different organization than yours, contact the organization's customer service department for assistance. If the group is in your organization and you don't know who the group owner is, you can find it by doing the following in either Outlook on the web or Outlook:

- Open your Sent folder and select the original message.
- If you're using Outlook on the web, select the group name located on the To or CC line. If you're using Outlook, double-click the group name located on the To or CC line.
- In Outlook on the web, from the pop-up dialog box, choose Owner. In Outlook, choose Contact. The owner's name is listed under Owner.

The owner of the group may have intentionally chosen to restrict who can send messages to it, and they may not want to adjust the existing restriction. In this case, you'll have to contact the group members by some other means, such as sending an email message to their individual email addresses or contacting them by phone.

More Info for Email Admins

Status code: 550 5.7.133

This error occurs when the distribution group, security group, or Microsoft 365 group is configured to accept messages only from authenticated senders (senders in the same organization or those added to the group's allowed senders list).

To fix the issue, the recipient's email admin or the group owner must add the sender's

email address to the group's allowed senders list or change the group's delivery management setting to accept messages from senders inside and outside of the organization.

Usually this issue can only be fixed by the recipient's email admin or the group owner.

For more information and steps to fix this error, see Fix email delivery issues for error code 5.7.133 in Office 365.

How to Fix It

The address may be misspelled or may not exist. Try one or more of the following:

- Send the message again following these steps: In Outlook, open this non-delivery report (NDR) and choose **Send Again** from the Report ribbon. In Outlook on the web, select this NDR, then select the link "**To send this message again, click here.**" Then delete and retype the entire recipient address. If prompted with an Auto-Complete List suggestion don't select it. After typing the complete address, click **Send**.
- Contact the recipient (by phone, for example) to check that the address exists and is correct.
- The recipient may have set up email forwarding to an incorrect address. Ask them to check that any forwarding they've set up is working correctly.
- Clear the recipient Auto-Complete List in Outlook or Outlook on the web by following the steps in this article: Fix email delivery issues for error code 5.1.10 in Office 365, and then send the message again. Retype the entire recipient address before selecting **Send**.

If the problem continues, forward this message to your email admin. If you're an email admin, refer to the **More Info for Email Admins** section below.

More Info for Email Admins

Status code: 550 5.1.10

This error occurs because the sender sent a message to an email address hosted by Office 365 but the address is incorrect or doesn't exist at the destination domain. The error is reported by the recipient domain's email server, but most often it must be fixed by the person who sent the message. If the steps in the **How to Fix It** section above don't fix the problem, and you're the email admin for the recipient, try one or more of the following:

34

The email address exists and is correct - Confirm that the recipient address exists, is correct, and is accepting messages.

Synchronize your directories - If you have a hybrid environment and are using directory synchronization make sure the recipient's email address is synced correctly in both Office 365 and in your on-premises directory.

Errant forwarding rule - Check for forwarding rules that aren't behaving as expected. Forwarding can be set up by an admin via mail flow rules or mailbox forwarding address settings, or by the recipient via the Inbox Rules feature.

Recipient has a valid license - Make sure the recipient has an Office 365 license assigned to them. The recipient's email admin can use the Office 365 admin center to assign a license (Users > Active Users > select the recipient > Assigned License > Edit).

Mail flow settings and MX records are not correct - Misconfigured mail flow or MX record settings can cause this error. Check your Office 365 mail flow settings to make sure your domain and any mail flow connectors are set up correctly. Also, work with your domain registrar to make sure the MX records for your domain are configured correctly.

For more information and additional tips to fix this issue, see Fix email delivery issues for error code 5.1.10 in Office 365.

Ok I saw on the court's case administration page that a motion to close out the probate proceedings in this case and supporting affidavits had been filed. They appear to have been noticed for tomorrow, 8/27/21 at 1:30 p.m. I filed a Notice of Filing and Certificate of Service by mail (and served it on 8-22-21) and noticed it for this same date, as is expected when you've already got a hearing set. If you are telling me that the motion to close out the probate proceedings will not be heard tomorrow, then fine. I will await word from you or request a hearing date. Thank you.

Court File No. 10-PR-16-46 Notice of Filing

Cassandra Boyd <boydcommunicationsllc@gmail.com>
To: "Shirk, Yvonne" <Yvonne.Shirk@courts.state.mn.us>

Thu, Aug 26, 2021 at 12:12 PM

Ms. Shirk:

That is absolutely not true. I realize I made a title error with the service copies of my affidavit and entitled them Statement to Attorney, because this document was initially prepared to use to talk to Attorney Kenneth Abdo. The body of the document is identical to the Affidavit of Cassandra Boyd filed with the court. Last week, on August 18, 2021, I traveled to Minnesota and filed the Letter to Judge Eide and the Affidavit of Cassandra Boyd in person. I served copies of both, though the affidavit mistakenly has a different title on the service copy (entitled Statement to Attorney instead). I was told by the clerk at the desk that she was filing both of these documents that day, scanning them, and sending them to Judge Eide that day, as she was already working on the case file and sending other things to him. I also spoke with someone in probate court administration yesterday, on August 25, 2021, and she told me that she saw my filings, for Ms. Boyd, in her electronic system showing that I had filed them. The Notice of Filing and Certificate of Service were filed by U.S. mail. It is possible you haven't received it yet, which is why I sent you the courtesy copies. Please ensure that Judge Eide has seen my Letter to Judge Eide and the filed Affidavit of Cassandra Boyd before any motion to close out the probate proceedings is heard. If that motion is being heard tomorrow, I believe that I am entitled to participate. However, if the court is not hearing that motion tomorrow, or if the court would like to deal with my Letter and Affidavit at a later date but will consider it before closing out the probate proceedings, then that is fine. I just need to know. But, I filed the Letter to Judge Eide and the Affidavit of Cassandra Boyd over a week ago, and Judge Eide should have been notified of both by now, and been made aware that I noticed my Notice of Filing of this Letter and Affidavit (also entitled Statement to Attorney) when you received the courtesy copies Monday. If I am required to appear tomorrow, please give me the Zoom information. If not, I will request a hearing formally. Thank you.

Regards,

Cassandra Boyd

I think that was my misunderstanding. We do have your letter and affidavit filed last week. I did not compare those to the submissions you emailed me Sunday. Please do not send me courtesy copies. We review everything filed in MNCIS. The hearing tomorrow is not to close out the Estate. I am waiting for confirmation of a date to hear your claims. It will possibly be October 15th at 1:30.
