

Date sent: July, 31, 2012

This communication has been sent to all law enforcement agencies and court personnel that process eCitations. Please direct this information to the appropriate staff.

After reviewing the 3:4 eCitation schema status reports from law enforcement, the Court has decided to extend the deadline to comply with the new schema from July 31, 2012, to Thursday, December 6, 2012.

Many law enforcement agencies and their vendors have been working to comply with the new schema, but not all agencies can meet the July 31st deadline. This extension is expected to provide adequate time for agencies and their vendors to comply to the 3:4 schema changes. MNCIS will allow submission from either the 3:3 or 3:4 schema from July 31, 2012 until Thursday, December 6, 2012.

For those agencies and their vendors that are already in compliance, we thank you.
