REQUEST FOR PROPOSAL
FOR AN ANALYSIS REGARDING LEVEL OF EFFORT TO ACHIEVE STATEWIDE ELECTRONIC CITATIONS

I. REQUEST FOR PROPOSAL.

A. DEFINED. The State of Minnesota, State Court Administrator’s Office (“COURTS”) and the Bureau of Criminal Apprehension (“BCA”), collectively hereafter referred to as the STATE, are collaborating using a competitive selection process, to select the vendor responsible for analyzing and documenting the current state of eCITATIONS including the issues, obstacles, constraints, options, and plans for fully expanding electronic submission of citations (“eCITATIONS”) from law enforcement agencies to the COURTS in all counties and jurisdictions in the State of Minnesota. The enterprise technical infrastructure that supports the submission of eCITATIONS is in place; therefore this is a request for a proposal to research and analyze the current state of the business landscape related to eCITATIONS, including what is preventing all law enforcement agencies from submitting eCITATIONS. This is not a bid but a request for a proposal that could become the basis for negotiations leading to a contract with a designated vendor to provide services as described in this document.

B. RIGHT TO CANCEL. THE STATE IS NOT OBLIGATED TO RESPOND TO ANY PROPOSAL SUBMITTED NOR IS IT LEGALLY BOUND IN ANY MANNER WHATSOEVER BY THE SUBMISSION OF A PROPOSAL. THE STATE RESERVES THE RIGHT TO CANCEL OR WITHDRAW THE REQUEST FOR PROPOSAL AT ANY TIME IF IT IS CONSIDERED TO BE IN ITS BEST INTEREST. IN THE EVENT THE REQUEST FOR PROPOSALS IS CANCELLED OR WITHDRAWN FOR ANY REASON, THE STATE SHALL NOT HAVE ANY LIABILITY TO ANY PROPOSER FOR ANY COSTS OR EXPENSES INCURRED IN CONNECTION WITH THIS REQUEST FOR PROPOSALS OR OTHERWISE. THE STATE ALSO RESERVES THE RIGHT TO REJECT ANY OR ALL PROPOSALS, OR PARTS OF PROPOSALS, TO WAIVE ANY INFORMALITIES THEREIN, AND TO EXTEND PROPOSAL DUE DATES.

II. PROJECT BACKGROUND.

A. In 2012 the Minnesota Judicial Branch embarked on a business strategy to move from a paper-based court record to an electronic record. The
implementation of this effort, called eCOURTMN, is underway and scheduled to be completed in 2016. The work effort described in this Request for Proposal will inform the stakeholders as to the level of effort and details that will need to be addressed should the stakeholders choose to expand eCITATIONS statewide.

For the purposes of this effort, the definition of an eCITATION is electronic submission, from law enforcement agencies, via the Courts’ integration broker, of all the data required for the courts to initiate a case.

An eCITATION is created by a law enforcement officer using a law enforcement application and submitted to the courts with all the data required to initiate a case in the Minnesota Court Information System, MNCIS, used in all eighty-seven counties. Many Minnesota law enforcement systems submit first to the BCA eCharging system that then sends the citations’ data set electronically to the COURTS. After law enforcement issues a citation it is submitted to the courts for processing and case initiation in MNCIS.

In the course of a year, law enforcement agencies in Minnesota issue approximately one million citations and currently approximately 60% of citations are submitted electronically to the COURTS. Of the 500 law enforcement agencies in Minnesota, approximately 225 are currently submitting eCITATIONS. There are approximately twelve eCitation vendors in Minnesota. Generally, once an agency determines they want to transition from submitting paper citations to eCITATIONS they start by selecting an eCITATION vendor followed by an implementation plan in their jurisdiction. A variety of factors influence an agency’s decision to implement eCITATIONS such as the cost to implement and maintain electronic citations, availability of funding, volume of citations issued annually, technical competency of staff in law enforcement agency, etc.

III. SCOPE OF EFFORT.

A. The STATE is seeking proposals from vendors to perform research and analysis related to the current business state of eCITATIONS throughout Minnesota, including what is or has been preventing law enforcement agencies from submitting eCITATIONS. The successful vendor’s activities will include gathering information, documenting their findings, observations, and research, and analyzing the issues, obstacles, options, and a recommended plan for a statewide expansion of eCITATIONS in all counties and
jurisdictions in the State of Minnesota. The analysis must consider the
business, technical, equipment, procedural, financial, and other related needs
that have or will have an effect on the ability of law enforcement to submit
eCITATIONs to the court. Consideration should also be given to the existing
applications, systems, and integrations currently in use by law enforcement
agencies and the STATE. Recommendations should be made for how best
to achieve the overall goals of the project and how best to address the
obstacle(s) and constraint(s) that are preventing law enforcement from
implementing eCITATIONS.

IV. OBJECTIVE.

A. The objective of this effort is a written, comprehensive report, provided to the
project stakeholders, which clearly defines the current state of law
enforcement submitting eCITATIONs to the STATE including business,
technical, financial, and other considerations, as well as what is or has
prevented law enforcement agencies from submitting eCITATIONs. The
report will be used to inform decision makers should they choose to proceed
with a statewide eCITATIONS expansion.

The overall goals of this effort include:

1. To identify and document information so that the STATE has a thorough
   and comprehensive knowledge of the gaps that currently prevent the
   operationalization of statewide eCITATIONs including the obstacle(s) and
   constraint(s) that are preventing law enforcement agencies from being able
to submit eCITATIONs to the COURTS via the Courts’ integration
   broker;

2. To identify and document the current landscape relating to the variety of
equipment and solutions already in production with law enforcement
agencies, including the scalability and best practices of known and
installed solutions;

3. To develop recommended best practices including the performance
   standards, recommended strategies for scalability, gaps, and business
   processes that will eliminate, to the greatest extent possible, the
duplication of effort, such as manual data entry into different systems,
submission of duplicate citations, and use resources more efficiently;
4. To provide a high-level, written, comprehensive report that could be used to inform the STATE of a statewide expansion strategy for eCITATIONS including funding considerations that address both implementation and operational needs.

V. **PROJECT APPROACH.**

A. Vendor will be expected to research, gather, document, electronically store, and analyze input obtained, both verbal and written, from stakeholders representing the following perspectives:

1. Evaluators and Practitioners (i.e., MN Court Payment Center, Court Administrators, Law Enforcement, Bureau of Criminal Apprehension, eCharging personnel, etc.);

2. Court Services Division staff from the State Court Administrator’s Office;

3. Information Technology Division staff (for systems architecture, network, and integration considerations) from the State Court Administrator’s Office and possibly other IT staff from local jurisdictions and other state agencies.

4. Existing materials documenting previous research and potential approaches will be made available to the successful vendor. Representatives of each of the stakeholders will make themselves available to successful vendor.

VI. **EXPECTED DELIVERABLES.**

A. A written report that is informative and clearly documents the findings, observations, analysis of the issues, obstacles, options, and plans for fully expanding the submission of eCITATIONS from law enforcement agencies to the COURT in all counties and jurisdictions in the State of Minnesota. In addition, the vendor will be expected to present and lead a discussion, with the stakeholders, regarding the content of the report.

B. The analysis must consider the business, technical, equipment, procedural, financial, and other needs related to law enforcement to eCITATION submission to the COURT. The deliverables must address:
1. Documentation describing and illustrating the current business state and landscape of eCITATIONS;

2. Integration and information sharing requirements including capabilities and limitations;

3. Identification of and recommendations and considerations for addressing the constraint(s) and obstacle(s) that prevent law enforcement from submitting eCITATIONs;

4. Recommendations and considerations related to the best approach for a statewide eCITATION expansion.

VII. PROJECT SCHEDULE.

A. The completion date is on or before March 15, 2015.

VIII. SUBMISSION REQUIREMENTS.

A. GENERAL REQUIREMENTS.

1. Certificate of Insurance. Each proposal shall contain acceptable evidence of compliance with the workers' compensation coverage requirements of Minn. Stat. § 176.181, subd. 2. Vendor’s RFP response must include one of the following: (1) a certificate of insurance, or (2) a written order from the Commissioner of Insurance exempting you from insuring your liability for compensation and permitting him to self-insure the liability, or (3) an affidavit certifying that you do not have employees and therefore are exempt pursuant to Minn. Stat. §§ 176.011, subd. 10; 176.031; and 176.041.

2. Affirmative Action Certification. If the vendor’s proposal exceeds $100,000.00, the RFP response must include a completed State of Minnesota Affirmative Action Certification on the form approved by the Minnesota Department of Human Rights and is attached as a separate electronic file and document.

3. Non-collusion Affirmation. Vendor must complete the Affidavit of Non-collusion (Appendix I) and include it with its RFP response.

4. Appropriate Use of Data and Records. The successful vendor will be required to sign the Acknowledgement of Receipt Form (Appendix III).
5. **Contract Terms.** The Vendor’s RFP response must include the Vendor’s standard contract/master services agreement including licensing, nondisclosure, and billing/invoicing procedures. The STATE’S contract terms are listed in Appendix II. No work can be started until a contract, in a form acceptable to the STATE, has been signed by all necessary parties in accordance with state court procurement and contract policies.

6. **Financial Stability.** Vendor’s RFP must provide evidence of Vendor’s financial stability as an indicator of Vendor’s ability to provide services irrespective of uneven cash flow. Financial stability information can be submitted as trade secret according to the following:

   a. the evidence-of-vendor's-financial-stability must qualify as a trade secret under Minn. Stat. § 325C.01 or as defined in the common law;

   b. the vendor submits the trade secret information on a separate document (but as part of their complete submission) and marks the document(s) containing only the trade secret information as "confidential";

   c. the trade secret information is not publicly available, already in the possession of the judicial branch, or known to or ascertainable by the judicial branch from third parties;

   d. If a vendor’s proposal leads to a contract, the following information will be accessible to the public: the existence of any resulting contract, the parties to the contract, and the material terms of the contract, including price, projected term and scope of work.

B. **PROJECT RELATED SUBMISSION REQUIREMENTS.** VENDOR’S proposal MUST:

7. Provide a not-to-exceed estimate for the project including identification of the assumptions made and the rationale used to prepare the estimate;

IX. PROPOSAL EVALUATION.

A. The STATE will evaluate all complete proposals received by the deadline. Incomplete proposals, late proposals, or proposals sent to any other address will not be considered. In some instances, an interview or presentation may be part of the evaluation process.

B. The evaluation of all proposals shall be based upon deriving the “Best Value” for the Minnesota Judicial Branch. “Best Value” means achieving an appropriate balance between price and other factors key to a particular procurement. A procurement that obtains a low price but does not include other necessary qualities and features of the desired product or service does not meet the “Best Value” criterion. Factors upon which the proposals will be judged include, but are not limited to, the following:

1. Ability to provide end-to-end solutions (including project management, planning, analysis and design) (high weight);

2. Thoroughness, quality, specificity, robustness, flexibility of Vendor’s approach/methodology (high weight);

However, CONTRACTOR will be entitled to payment, determined on a pro rata basis, for services satisfactorily performed to the extent that funds are available. The STATE will not be assessed any penalty if the contract is cancelled because of a decision of the Minnesota Legislature, or other funding source, not to appropriate funds. The STATE must provide CONTRACTOR notice of the lack of funding within a reasonable time of the STATE’S receiving that notice.
IV. ASSIGNMENT AND BINDING EFFECT. CONTRACTOR shall neither assign nor transfer any rights or obligations under this contract without the prior written consent of the STATE. Without limiting the foregoing, CONTRACTOR shall indemnify the STATE and hold it harmless against any claim that the work performed or material provided hereunder infringes or violates the patent, copyright, or trade secret rights of any third party. The STATE shall provide CONTRACTOR with prompt notice of any claim for which indemnification may be sought hereunder and shall cooperate in all reasonable respects with CONTRACTOR in connection with any such claim. CONTRACTOR shall be entitled to control the handling of any such claim and to defend or settle any such claim, in its sole discretion, with counsel of its own choosing.

A. General. CONTRACTOR shall not disclose to any third party any information that is both: (1) made available by the STATE to CONTRACTOR in order to permit CONTRACTOR to perform hereunder or is created, gathered, generated or acquired in accordance with this contract; and (2) inaccessible to the public pursuant to the Rules of Public Access to Records of the Judicial Branch promulgated by the Minnesota Supreme Court, as the same may be amended from time to time. If the CONTRACTOR receives a request to release the information referred to in this Clause, the CONTRACTOR must immediately notify the STATE. The STATE will give the CONTRACTOR instructions concerning the release of the information to the requesting party before the information is released.

B. STATE Programs, Databases, Marks. Without limiting paragraph A, above, CONTRACTOR agrees to the following:

1. STATE Programs. The computer application programs made available by the STATE to CONTRACTOR in order to permit CONTRACTOR to perform its obligations hereunder are referred to herein as "STATE Programs." The STATE is the copyright owner of the STATE Programs. The combination of ideas, procedures, processes, systems, logic, coherence and methods of operation embodied within the STATE Programs, and all analysis and design specifications, programming specifications, source code, algorithms, and information contained in technical reference manuals pertaining to the STATE Programs, are trade secret information of the STATE. The computer operating systems software programs and other third party software licensed by the STATE, and related documentation, made available by the STATE to CONTRACTOR in order to permit CONTRACTOR to perform its obligations hereunder, are subject to claims of trade secret and copyright ownership by the respective licensors and will be treated by CONTRACTOR in the same manner as trade secret information of the STATE. In addition, CONTRACTOR will familiarize itself with and
abide by the terms and conditions of the license agreements applicable to such third party software.

2. STATE Databases. The computer databases made available by the STATE to CONTRACTOR in order to permit CONTRACTOR to perform its obligations hereunder are referred to herein as "STATE Databases." The STATE is the copyright owner of the STATE Databases and of all copyrightable aspects and components thereof. All specifications and information pertaining to the STATE Databases and to their structure, sequence and organization are trade secret information of the STATE. All information contained within the STATE Databases is sensitive, confidential information and will be treated by CONTRACTOR in the same manner as trade secret information of the STATE.

3. Marks. The STATE claims that the marks "Total Court Information System," "TCIS," “MNCIS,” “CriMNet,” "SJIS," and "MARS" are trademarks and service marks of the STATE or of other agencies of the state of Minnesota. CONTRACTOR shall neither have nor claim any right, title, or interest in or use of any trademark, service mark, or tradename owned or used by the STATE or other agencies of the state of Minnesota.

4. Restrictions on Duplication, Disclosure and Use. CONTRACTOR will not, except as required in the performance of its obligations hereunder, copy any part of the STATE Programs or STATE Databases, prepare any translations thereof or derivative works based thereon, use or disclose any trade secret information of the STATE, or use any trademark, service mark, or tradename of the STATE or of other agencies of the state of Minnesota, in any way or for any purpose not specifically and expressly authorized by this contract. As used herein, "trade secret information of the STATE" means any information or compilation of information possessed by the STATE, or developed by CONTRACTOR in the performance of its obligations hereunder, which derives independent economic value, actual or potential, from not being generally known to, and not being readily ascertainable by proper means by, other persons who can obtain economic value from its disclosure or use. "Trade secret information of the STATE" does not, however, include information which was known to CONTRACTOR prior to CONTRACTOR'S receipt thereof, either directly or indirectly, from the STATE, information which is independently developed by CONTRACTOR without reference to or use of information received from the STATE, or information which would not
qualify as trade secret information under Minnesota law. It will not be a violation of this section for CONTRACTOR to disclose any information received from the STATE pursuant to the order of a court or governmental authority of competent jurisdiction if CONTRACTOR notifies the STATE immediately upon receipt by CONTRACTOR of notice of the issuance of such an order.

5. Proprietary Notices. CONTRACTOR will advise its employees and permitted subcontractors who are permitted access to any of the STATE Programs, STATE Databases, or trade secret information of the STATE of the restrictions upon duplication, disclosure and use contained in this contract. Without limiting the foregoing, CONTRACTOR shall include in and/or on any copy or translation of, or derivative work based upon, any of the STATE Programs, the STATE Databases, or trade secret information of the STATE, or any part thereof, and any documents pertaining thereto, the same copyright and other proprietary notices as appear on the copies made available to CONTRACTOR by the STATE, except that copyright notices shall be updated and other proprietary notices added as may be appropriate.

C. Inspection and Return of STATE Property. All documents, encoded media, and other tangible items made available to CONTRACTOR by the STATE, or prepared, generated or created by CONTRACTOR in the performance of its obligations hereunder, are and will be exclusively the property of the STATE and will be available for inspection by the STATE upon request. Upon completion of CONTRACTOR’S performance of services hereunder, CONTRACTOR will, upon the STATE’S request, promptly deliver to the STATE any or all such documents, encoded media and other items in its possession, including all complete or partial copies, recordings, abstracts, notes or reproductions of any kind made from or about such documents, media, items, or information contained therein. CONTRACTOR and the STATE acknowledge that all computer operating systems software programs and other third party software licensed by the STATE, and related documentation, made available by the STATE to CONTRACTOR in order to permit CONTRACTOR to perform its obligations hereunder, or any translations, compilations, or partial copies thereof are and remain the property of the respective licensors.

D. Injunctive Relief. CONTRACTOR acknowledges that the STATE will be irreparably harmed if CONTRACTOR’S obligations under sections VIII and IX of this contract are not specifically enforced and that the STATE would not
have an adequate remedy at law in the event of an actual or threatened violation by CONTRACTOR of its obligations. Therefore, CONTRACTOR agrees that the STATE shall be entitled to an injunction or any appropriate decree of specific performance for any actual or threatened violation or breach by CONTRACTOR without the necessity of the STATE showing actual damages or that monetary damages would not afford an adequate remedy. CONTRACTOR shall be liable to the STATE for reasonable attorney's fees incurred by the STATE in obtaining any relief pursuant to this section.

IX. RIGHTS IN AND TO INFORMATION, INVENTIONS, AND MATERIALS. In consideration of the facts that CONTRACTOR’S performance under this contract will involve access to and development of information which shall be trade secret information of the STATE and may involve the development by CONTRACTOR or CONTRACTOR’S participation in the development of copyrightable and/or patentable subject matter which the parties intend be owned by the STATE:

A. All right, title, and interest in and to any trade secret information of the STATE (as defined in sections VIII (A), (B), (D) above) developed by CONTRACTOR either individually or jointly with others, and which arises out of the performance of this contract, will be the property of the STATE and are by this contract irrevocably transferred, assigned, and conveyed to the STATE free and clear of any liens, claims, or other encumbrances.

B. All copyrightable material which CONTRACTOR shall conceive or originate, either individually or jointly with others, and which arises out of the performance of this contract, shall conclusively be deemed "works made for hire" within the meaning and purview of section 101 of the United States Copyright Act, 17 U.S.C. § 101, to the fullest extent possible, and the STATE shall be the copyright owner thereof and of all elements and components thereof in which copyright protection can subsist. To the extent that any of the foregoing does not qualify as a "work made for hire," CONTRACTOR hereby transfers, assigns and conveys the exclusive copyright ownership thereof to the STATE, free and clear of any liens, claims or other encumbrances.

C. All right, title, and interest in and to any invention which CONTRACTOR first conceives or first reduces to practice either individually or jointly, and which arises out of the performance of this contract, will be the property of the STATE and are by this contract irrevocably transferred, assigned, and conveyed to the STATE along with ownership of any and all patents on the inventions anywhere in the world, free and clear of any liens, claims or other
encumbrances. CONTRACTOR agrees to disclose promptly any such invention to the STATE. This paragraph shall not apply to any invention for which no equipment, supplies, facility or trade secret information of the STATE (as defined in Sections XI (A), (B), (D) above) was used and which was developed entirely on CONTRACTOR own time, and a) which does not relate i) directly to the business of the STATE or ii) to the STATE’S actual or demonstrably anticipated research or development, or b) which does not result from any work performed or materials provided by CONTRACTOR for the STATE.

D. CONTRACTOR will execute all documents and perform all other acts that the STATE may reasonably request in order to assist the STATE in perfecting its rights in and to the trade secret information of the STATE and the copyrightable and patentable subject matter identified herein, in any and all countries.

X. AFFIRMATIVE ACTION.

A. Covered Contracts and Contractors. If this contract exceeds $100,000 and CONTRACTOR employed more than forty (40) full-time employees on a single working day during the previous twelve (12) months in Minnesota or in the state where it has its principle place of business, then CONTRACTOR must comply with the requirements of Minn. Stat. § 363A.36 and Minn. R. Parts 5000.3400-5000.3600. A contractor covered by Minn. Stat. § 363A.36 because it employed more than forty (40) full-time employees in another state that does not have a certificate of compliance must certify that it is in compliance with federal affirmative action requirements.

B. Minn. Stat. § 363A.36. Minn. Stat. § 363A.36 requires the contractor to have an affirmative action plan for the employment of minority persons, women, and qualified disabled individuals approved by the Minnesota Commissioner of Human Rights (“Commissioner”) as indicated by a certificate of compliance. The law addresses suspension or revocation of a certificate of compliance and contract consequences in that event. A contract awarded without a certificate of compliance may be voided.

C. Minn. R. Parts 5000.3400-5000.3600 provide:

1. General. Minn. R. Parts 5000.3400-5000.3600 implement Minn. Stat. § 363A.36. These rules include, but are not limited to, criteria for contents, approval, and implementation of affirmative action plans; procedures for issuing certificates of compliance and criteria for
determining a contractor’s compliance status; procedures for addressing deficiencies, sanctions, and notice and hearing; annual compliance reports; procedures for compliance review; and contract consequences for non-compliance. The specific criteria for approval or rejection of an affirmative action plan are contained in various provisions of Minn. R. Parts 5000.3400-5000.3600 including, but not limited to, parts 5000.3420-5000.3500 and 5000.3552-5000.3559.

2. Disabled Workers. The contractor must comply with the following affirmative action requirements for disabled workers:

   a. The contractor must not discriminate against any employee or applicant for employment because of physical or mental disability in regard to any position for which the employee or applicant for employment is qualified. The contractor agrees to take affirmative action to employ, advance in employment, and otherwise treat qualified disabled persons without discrimination based upon their physical or mental disability in all employment practices such as the following: employment, upgrading, demotion, or transfer, recruitment, advertising, layoff, or termination, rates of pay or other forms of compensation, and selection for training, including apprenticeship.

   b. The contractor agrees to comply with the rules and relevant orders of the Minnesota Department of Human Rights issued pursuant to the Minnesota Human Rights Act.

   c. In the event of the contractor’s noncompliance with the requirements of this clause, actions for noncompliance may be taken in accordance with Minn. Stat. § 363A.36, and the rules and relevant orders of the Minnesota Department of Human rights issued pursuant to the Minnesota Human Rights Act.

   d. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices in a form to be prescribed by the Commissioner of the Minnesota Department of Human Rights. Such notices must state the contractor’s obligation under the law to take affirmative action to employ and advance in employment qualified disabled employees and applicants for employment, and the rights of applicants and employees.
e. The contractor must notify each labor union or representative of workers with which it has a collective bargaining agreement or other contract understanding, that the contractor is bound by the terms of Minn. Stat. § 363A.36, of the Minnesota Human Rights Act and is committed to take affirmative action to employ and advance in employment physically and mentally disabled persons.

D. Consequences. The consequences for a contractor’s failure to implement its affirmative action plan or make a good faith effort to do so include, but are not limited to, suspension or revocation of a certificate of compliance by the Commissioner, refusal by the Commissioner to approve subsequent plans, and termination of all or part of this contract by the Commissioner or the STATE.

E. Certification. CONTRACTOR hereby certifies that it is in compliance with the requirements of Minn. Stat. § 363A.36 and Minn. R. Parts 5000.3400-5000.3600 and is aware of the consequences for non-compliance.

XI. WORKERS’ COMPENSATION. In accordance with the provisions of Minnesota Statutes, Section 176.182, as enacted, the CONTRACTOR shall provide acceptable evidence of compliance with the workers’ compensation insurance coverage requirement of Minnesota Statutes, Section 176.181, subdivision 2, as enacted, prior to commencement of any duties to be performed under this contract.

XII. ANTITRUST. CONTRACTOR hereby assigns to the State of Minnesota any and all claims for overcharges as to goods and/or services provided in connection with this contract resulting from antitrust violations that arise under the antitrust laws of the United States and the antitrust laws of the State of Minnesota.

XIII. Warranties.

A. Original Works. In performing its obligations hereunder, CONTRACTOR will not use or incorporate any trade secret information or copyrighted works of authorship of CONTRACTOR or of any third party, and except for components already in the public domain, all software, documentation, information and other materials provided or furnished by CONTRACTOR in performing the duties under this contract will be original and will not violate or infringe upon the rights of any third party.
