At the top, there is a navigation bar with links for Calendars, Fees, Court Forms, Access to Trial Court Records, Alternative Court Records and Opinions, and Rules. A red arrow points to the 'Access to Trial Court Records' link. To the right of the navigation bar are links for Career Opportunities, Self-Help Center, and Find Your District, along with an Advanced Search box.

The main header features the text 'Second District serving Ramsey County' and a cityscape image. A left sidebar contains a '2nd Home' menu with categories: Mission, Courts (listing Civil, Conciliation, Domestic Abuse, Family, Housing, Juvenile, Mental Health, Probate, and Traffic courts), Departments (Administration, Assignment, Civil, Criminal, and Special Courts), Programs and Services (Civil Litigant Services, Court Interpreters, DWI Program, Guardian Ad Litem Program, Jury Services, Mental Health Program, Records, Substance Abuse Program, and Violations Bureau), News / About Us (The Republican Convention, Coming to Court, High-Profile and Multi-District Litigation Cases, Volunteer Opportunities, Related Links, Reports and Resources), For Students and Teachers, Employment, Online Services, Directories (Judges, Locations), and Contact Us.

The main content area is titled 'Second District Home' and includes a welcome message: 'Welcome to the Second District web site!'. Below this is a section 'About the Second District Court' which describes the court's jurisdiction and location. Further down are sections for 'Court Organization', 'Administration', 'Assignment Office', 'Civil', 'Criminal and Traffic', and 'Special Courts', each with a brief description and links to related information.

On the right side, there are several promotional and informational links: 'Pay Fines Online Traffic, Parking, DNR, Watercraft, Fish and Wildlife', 'View Today's Courtroom Schedule', 'View the Weekly Schedule', 'The Republican National Convention' (with a graphic), 'Information on the RNC', 'Guidant Corporation Litigation', 'MN DOT Litigation', and 'State of MN vs. Aaron Foster'. A 'Meet Your Judges' section features a portrait of Judge Teresa R. Warner and a link to 'View All Judge Bios'.

The bottom of the page shows a browser status bar with 'Internet' and '100%' zoom level.

Public Access to Case Records of the Minnesota Judicial Branch

This site provides information on how to access public court case records and calendars, as defined under the [Minnesota Rules of Public Access to Records of the Judicial Branch](#).

- Minnesota Online District (Trial) Case Records and Calendars:**
 - Current System Status: MPA is unavailable each Sunday from 11:00am to approximately 2:00pm for system maintenance.**

Minnesota District Courts offer an online inquiry tool for statewide electronic case records and calendars, called MPA Remote, which stands for Minnesota Trial Court Public Access Remote view. MPA Remote is a public-view version of the Minnesota Court Information System (MNCIS), the computerized case management system used by Minnesota District Courts to track and manage cases and calendars. MPA Remote contains replicated public case data from MNCIS. Upon inquiry, MPA Remote displays case information for public viewing, including register of actions, calendars, judgments, and orders and notices prepared by the court. **Internet Explorer is required to use this service. Please read our Policies, Notices, & Instructions and Frequently Asked Questions, located at right.**

Online case inquiries are restricted by the remote access provisions of the [Minnesota Rules of Public Access to Records of the Judicial Branch](#) (see Rule 8, subd. 2). For example, street addresses and name searches for pre-conviction criminal cases are not available online, but are available at courthouse public access terminals, as described below under the heading "At the Courthouse." Electronic copies of documents filed by parties in district court also are not accessible online. The Federal Violence Against Women Act (VAWA) also prevents us from displaying harassment and domestic abuse case types online, but these are available at the courthouse. Comment fields for all case types are not available online but are available at the courthouse.

To access this service, please [click here](#) to read and acknowledge the terms and conditions below.

- Minnesota Online Appellate Court Opinions & Case Records:** The Minnesota Supreme Court and Court of Appeals offer online access to court opinions and case records through the public view of the Minnesota Appellate Courts Case Management System (P-MACS).
- At the Courthouse:** Each Minnesota District Courthouse offers electronic access to statewide public case records through public access terminals. Each district courthouse also offers in-person counter access to locally-stored, public case records in paper form.

Courthouse public access terminals provide the most complete access to electronic district court case records, because they are not restricted by the remote access provisions of the [Minnesota Rules of Public Access to Records of the Judicial Branch](#) (see Rule 8, subd. 2). For example, street addresses and name searches for pre-conviction criminal case records are available at courthouse public access terminals, but not through the online case inquiry, as described above.

Required Acknowledgement for MPA Remote:

Please read and acknowledge these terms before using MPA Remote to access district court records:

- UNOFFICIAL RECORDS.** The information available on MPA Remote is provided as a service and is not considered an official court record. The Minnesota Judicial Branch does not certify MPA Remote records or search results and is not responsible for any errors or omissions in the data found on MPA Remote. Certified civil judgment search results may be obtained from court administration.
- LIMITED CASE RECORD INFORMATION.** Case records and calendars are displayed for all Minnesota District (Trial) Courts. The information available on MPA Remote is limited to district court case records and calendars that are publicly and remotely accessible under the [Minnesota Rules of Public Access to Records of the Judicial Branch](#). Under these rules, not all publicly-accessible case records are remotely accessible. This means that certain publicly-accessible case records cannot be viewed online via the internet. For example, party address and name searches on criminal pre-conviction case records are publicly accessible and available at the courthouse.

Please acknowledge that you have read and accept the above terms and conditions and that you agree to use the MPA Remote website subject to such terms.

If you have questions, comments or suggestions regarding this web site, please [CONTACT US](#).
