mistag3@gmail.com, and at
1600 Amphitheater Parkway
Mountain View, California 94043

**ORDER SEALING SEARCH
WARRANTS PURSUANT TO
MINN. R. CRIM. PRO 33.04**

Warrant 2:

In Re Google Legal Investigations Support
Regarding G-Mail e-mail account known as
paisleyparkafterdark@gmail.com, and at
1600 Amphitheater Parkway
Mountain View, California 94043

The undersigned has reviewed the *ex parte* motion from the Carver County Attorney's Office, for a District Court Order sealing the above-named search warrants and all accompanying documents because disclosure of said documents could create a substantial risk of a search or a related search to become unsuccessful or severely hamper an ongoing investigation.

FINDINGS OF FACT

- 1) This involves an active homicide investigation.
- 2) Until this investigation is complete, criminal charges are brought (if any) or barring further order of the court, data collected in the course of this death investigation is classified as confidential under Minnesota law.

3) This Court finds reasonable grounds exist to believe that making this search warrant public could create a substantial risk of a search or a related search to become unsuccessful or severely hamper an ongoing investigation.

CONCLUSION OF LAW

This Court must issue an Order sealing these search warrants since through its *ex parte* motion; the Carver County Attorney's Office has met its legal burden set forth in Minn. Crim. Pro. 33.04(d), thereby relieving the government of having to comply with the ordinary search warrant filing requirements as set forth in Minn. Stat. §626.15 and §626.17.

ORDERS

1) That the above-referenced search warrants and all accompanying documents shall not be filed as a public document within ten days of its execution to the Carver County Court Administrator's Office.

2) In lieu of filing as a public document, the search warrants and all accompanying documents shall instead be kept securely under lock and seal under the direction of the Carver County Court Administrator until commencement of criminal proceedings or 180 days from the date of this order, whichever occurs first.

3) That the *ex parte* motion from the Carver County Attorney's Office and this Order Sealing Search Warrants shall also be kept securely under lock and seal with the original search warrants and accompanying documents under the direction of the Carver County Court Administrator until commencement of criminal proceedings or 180 days from the date of this order, whichever occurs first.

Dated: 9.19.16

Eric J. Braaten
Judge of District Court
