

**STATE OF MINNESOTA**  
**COUNTY OF CARVER**

**DISTRICT COURT**  
**FIRST JUDICIAL DISTRICT**  
**PROBATE DIVISION**

In Re: Estate of:

Court File No. 10-PR-16-46

Prince Rogers Nelson,

**ORDER FOR**  
**NEW CASE VOLUME**

Deceased.

---

The above-entitled matter came on for review before the Honorable Kevin W. Eide without a hearing. Due to the number of filings, case events and electronic service instances in this matter, the case record has become very large. Users have reported long wait times when accessing the case record electronically through Minnesota Public Access (“MPA”). Creating an additional volume of the case record for day-forward filings and case events will assist with case processing and public access.

Therefore, based on the file and proceedings herein, the Court makes the following:

**ORDER**

1. Effective October 10, 2016, a new case volume will be added to this matter. The new case volume will be assigned the same court file number of 10-PR-16-46. The new case volume will include the case record, including all filings, case events and financial information, beginning October 10, 2016.
2. Effective October 10, 2016, the original case volume will be renumbered to 10-PR-16-46A. This volume will contain the case record, including all case events, filings and financial information, from the date of filing through October 9, 2016.
3. Filers will continue to use court file number 10-PR-16-46 for filing and serving in this matter.

4. The original case volume and new case volume together are the official district court record in this matter. The same case status and case security applies to the original case volume and the new case volume.
