Court File No. 10-PR-16-46

Prince Rogers Nelson,

CARVER COUNTY COURTS

**ORDER FOR
THIRD VOLUME OF CASE**

Deceased.

The above-entitled matter came on for review before the Honorable Kevin W. Eide without a hearing. The case record in this matter continues to increase due to the number of filings, case events, and electronic service instances. As the case record increases, the parties and public may experience longer wait times when accessing the case record electronically through Minnesota Public Access (“MPA”). Creating a third volume of the case for day-forward filings and case events will assist with public access and court staff case processing.

Therefore, based on the file and proceedings herein, the Court makes the following:

ORDER

1. Effective February 2, 2017, a third case volume will be added in this matter. This new case volume will be assigned the same court file number of 10-PR-16-46. The new case volume will include the case record, including all filings, case events and financial information, beginning February 2, 2017.

2. Effective February 2, 2017, the second case volume in this matter will be renumbered to 10-PR-16-46B. The second case volume will contain the case record, including all case events, filings and financial information, from October 10, 2016, through February 1, 2017.

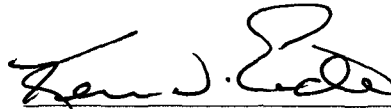

3. The first case volume, numbered 10-PR-16-46A, will also remain and will keep the same number. This volume contains the case record, including all case events, filings and financial information, from the date of filing through October 9, 2016, pursuant to court order entered October 4, 2016.

4. Filers will continue to use court file number 10-PR-16-46 for filing and serving in this matter.

5. All three case volumes together are the official district court record in this matter. The same case status and case security applies to all volumes.
