

Being a student
has never been
easy...

Being a parent has never been tougher.

The dangers of social media. Prescription and illegal drug abuse.
A national epidemic of school truancy.

There is no question that parents today face many challenges.
On May 2nd, Stearns County community and justice system leaders are
holding a community education and listening session to help equip parents
with the knowledge they need to face these challenges.

Our Kids. Our Future. A Community Conversation

Featuring presentations on:

- ◆ **School truancy**
Stearns County Asst. Attorney Matthew Engelking
- ◆ **Teenage chemical abuse**
Stearns County Community Corrections Supervisor
Nick Henderson
- ◆ **Social media dangers and misuse**
Minnesota District Court Judge Frank J. Kundrat

Following the presentations, join the conversation by taking part in a
community dialogue and question-and-answer session with Stearns County
community and justice system leaders.
