

Information for Providers (Hennepin)

Financial Early Neutral Evaluation provider roster

At this time the 4th District is not making additions to the FENE roster.

Social Early Neutral Evaluation provider roster

The 4th District does not maintain an SENE roster. We are very fortunate to have a county court services department that provides employees who conduct social early neutral evaluations. Please visit the Hennepin County Family Court Services website at www.hennepin.us to learn more about the services provided.

SENE and FENE training

The State Court Administrator's Office, through the State ECM/ENE Program approves all Initial ENE Provider Training. The 4th District does not require additional training beyond that approved by the Committee. Visit the ECM-ENE Website Provider Information tab for more information about training.
