

Dear Mrs/Ms. Dalbec,

My name is Karen Huth and I was wondering if you can ~~to~~ do a Dna test for me please? I ask cause I wonder if the man my Birth mother listed ~~is~~ my father. And I want to have my D.N.A. tested to see if I am prince's daughter at all, or not. Lets just say I have doubts of who my Biological father is and I know that my Biological mother has had a habit of lying when she was alive before passing away on 2/11/1996 and question whether she had lied about who my father is

Sincerely,

Karen Huth
