Minnesota Safe Harbor Law

The Minnesota Safe Harbor Law passed in July 2011

Key Changes in 2011:
• Added the definition of sexually exploited youth in MN’s child protection codes;
• Increased the penalties against commercial sex abusers or purchasers; and
• Directed the Commissioner of Public Safety to work with stakeholders to create a victim-centered, statewide response for sexually exploited youth.
Minnesota Safe Harbor Law Continued

**Effective August 1, 2014:**
- Excluded sexually exploited youth under 18 from the definition of delinquent child.
- State began implementing service model called No Wrong Door

**Effective July 1, 2016:**
- Safe Harbor services were made available to individuals 24 and younger
