MINNESOTA JUDICIAL BRANCH MISSION
To provide justice through a system that assures equal access for the fair and timely resolution of cases and controversies.
PRETRIAL RELEASE PROJECT
The Minnesota Judicial Council, through the FY14-15 Judicial Branch Strategic Plan, directed the Committee for Equality and Justice (CEJ) to study evidence-based tools for use in making pretrial release decisions statewide. The purpose of the study was to provide information which would lead to a greater understanding of:

- The use of risk assessment tools; and,
- Studying pretrial release outcomes impacted by race or gender.

The State Court Administrator’s Research Division conducted the study with assistance from representatives from the Minnesota Department of Corrections, the Fourth Judicial District’s Research Division, the Robina Institute at the University of Minnesota and the Arrowhead Regional Community Corrections. Members of the Committee for Equality and Justice served on the Pretrial Release Project Advisory Workgroup.

IMPLICIT BIAS BENCH CARD
The Committee for Equality and Justice also developed an Implicit Bias Bench Card for use by judicial officers. The purpose of the bench card is to build awareness of and address the potential for unconscious bias at various decision points in the court process.
