STATE OF MINNESOTA  
COUNTY OF RAMSEY

DISTRICT COURT  
SECOND JUDICIAL DISTRICT

In the Matter of the Contest of General Election  
held on November 4, 2008, for the purpose of  
electing a United States Senator for the State of  
Minnesota

District Court File No. 62-CV-09-56

Cullen Sheehan and Norm Coleman,

**ORDER FOR OPENING SECRECY  
ENVELOPES**

Contestants,

vs.

Al Franken,

Contestees,

In order to expedite proceedings in this action, county or local election officials ("officials") who have custody of rejected absentee ballots submitted for the November 4, 2008 general election are hereby directed to complete the following procedure no later than 4:00 p.m. Wednesday, March 4, 2009:

1. The officials shall segregate the rejected absentee ballots listed on the attached list. Once segregated, the officials shall open each ballot secrecy envelope containing the absentee ballot of each identified voter to determine whether the envelope contains a voter registration card or application ("registration"). In doing so, the officials, to the extent possible, shall refrain from looking at the ballot itself or observing any markings thereon and shall conduct the review so as to maintain the security of the ballots and to preserve ballot secrecy.

2. If no registration is found, the officials shall reseal the ballot envelope using tape or sticker over the opening and reinsert the ballot secrecy envelope back into the absentee ballot return envelope.

3. If a registration is found within the ballot secrecy envelope, the officials shall remove it, determine whether it is complete, make a copy of the registration, and return it to the ballot secrecy envelope, which shall be resealed. The ballot secrecy envelope shall then be placed back inside the absentee ballot return envelope. If the registration is deficient, the officials shall note on the outside of the absentee ballot return envelope the specific nature of the deficiency. The notations shall be dated and include the name of the officials making the notations which shall be made on the side of the envelope that does not include the voter's information.

4. The envelopes shall be sorted into three groups as follows:

- a. Envelopes containing completed registrations.
- b. Envelopes containing deficient registrations.
- c. Envelopes containing no registrations.

5. For each of the groups, the officials shall prepare a separate list that includes the name of the county or municipality, the precinct and the name of the voter. The list of envelopes containing incomplete or deficient registrations shall specify the deficiency found with respect to each envelope.

6. The officials shall forward electronically the lists and the copy of each registration found in the envelopes in groups referenced in paragraphs 5 a. and b. of this order to Jim Gelbmann, Office of the Secretary of State at [Jim.Gelbmann@state.mn.us](mailto:Jim.Gelbmann@state.mn.us). If a particular office of an official lacks the capability to forward the information electronically, the official shall

contact Jim Gelbmann at the Office of the Secretary of State, (651) 201-1344, for alternative instructions concerning transmittal of the lists and copies to the Court.

8. All of the opened and resealed envelopes shall be securely maintained in their separate groups to facilitate transportation to a central location for review, if the Court should so order.

9. The Secretary of State shall immediately forward this Order electronically to affected county and local election officials.

10. Neither party shall have a representative present at the counties during this process.

11. The parties consent to this procedure by their signatures on this order.

Dated: 2/26/09
