Dear Judge,

My name is Shirley J. Camper,
and I've been to hell and back,

Because my daughter Jomika Joy H.
Camper, has been looking for her "dad",
since she was 6 years old.

It all started back in 1979, my
first house away from my parents.

was at 8333 Alpine in Detroit, my
landlord was the Jacksons who lived down
the street. They had three daughters and
a nephew, who's mom was brutally murdered
at 8333 Alpine. The daughters would come
down to the house from time to time,
and sometimes I would go down to their
house. One day I was at the market
and needed a jitney to get from the market
\$10.00 it cost me, for that man to pick
up my keys and walk out with them,

Then, he would come in to the house when he felt like it and take ^{advantage} ~~advantage~~ of me nightly for months.

One day/night I was at the Jackson's house, where Aquan and Latanya introduced me to two of their guy family members and a guy who said his name was "Chris".

I was telling them how this man kept coming into the house with the keys, and wasn't in a hurry to go home.

But Chris volunteered to escort me home and help me to confront the man. We staged a stake out for months and couldn't catch him. The man managed to slip in a few more times before I found out I was pregnant.

I tracked Mr. Elder down and took him to Friends of the Courts in Detroit, and they said he wasn't the dad.

The day I found out I was pregnant at the doctor's office, when I got home, there was this big shaggy black and gray dog staring me in the face. When I left home that day I had no pets. So seeing the dog, I opened the door wide

hoping the dog would run out.

So he did. When I got in the house, it was like someone fed the dog a big bag of dog food and topped it off with a chocolate bar. From front to back, really big piles of dog poop everywhere.

So that day, I got me and my children's clothes and left the rest.

Including my poem "Don't Quit" which my children pasted in on the wall.

After finding out that Mr. Elder was not the father, that only left Chris. I had been inquiring about Chris, and how I could get in touch with him because my daughter wanted to know who her dad is. But still to this day they avoid the subject, ever since about 2006, I've constantly asked about him "Chris". Then one day when I was visiting Aquan on Radcliff, she broke into one of those, this is so funny laughs and said, while laughing, Harry told me, you tried to put a baby on him, and the Friends of the Courts said "no".

So, I replied, "Well if he's not the dad, then it must be 'Chris'. At that moment, that so funny laugh look, turned into a look of. She'd really like to spit in my face. It just didn't come out. So I told her to tell her family members, to tell Chris I'm looking for him, and changed the subject, since the look on her face was hatred, and she still can't remember her family members. But from time to time I'd call or stop by, to see had she told them. I've asked Latanya cause Aquan said she knew them, even though it was Aquan who introduced me to "Chris".

I recognized how he said "Chris", most unusual way in a movie he was in. To my really big surprise,

God is Great and DNA doesn't lie.

Therefore: I am Petitioning the Court to have Jomika Joy Hellena Camper, born Sept. 2, 1980, compared to Prince R. Nelson of Purple Rain as his heir and only child. Her DNA is on file with ancestry.com. She has been waiting over 30 years to find out who her "dad" is. Also I am requesting a copy of said test and asking the court to halt the sale of any more of his property until such matter is resolved.

They are selling things that would be treasured by someone who really loves him. Thank you for your time
