RE:

CASE No. 10-PR-16-46

ESTATE of

Prince Rogers Nelson

11-22-19

803 walnut B2

Toledo, Oh. 43604

Dear Judge Eide,

Shirley Campen here again and I am trying to appeal to the humanity of you and the Carver County Dist. Court System. So please help me to put an end to the nightmare I've been living for over 30 years. I had to stop and wonder. Do the lawyers of Fredrikson and Byron, have any children and how much do they respect the Bible. The Book they have encountered so many times in court. They don't know me, but ignored me for weeks before threatening me, to never contact her law firm ever again.

I thought that was strange, considering they are holders to Prince's estate that would go to his heir if the lawyers would just sign for the test.

But since no one in the
Fredrikson and Byron, choose to do
the job they are assigned to do.

Judge, I wonder, if you have
children. If so, then you may know
how I've been feeling for years. The
emptiness on Prince's daughter's face,
I've seen it too much and find the
need of me being a mother to try
and put an end to her pain. I ask
you judge as a human being as
well as a judge of Courts, where
Justice, Truth, and Fairness, should
thrive for the American People. I
assure you, I and my child is American.

Between you and I judge, I get
the feeling that more than Prince
having a child is trying to be covered
up. It don't take long for the
results to come back on the DNA test.

Why is all the people involved
in his estate, sitting on their
hands. I owe it to my baby to
provide her with at least her dad's
name, which is why I'm contacting
the Corcoran County Court for help.

I'm hoping not to make it hard on her job. She's a very good nurse. And speaking of jobs.

Who's job is it really for the making sure that Prince's heir is treated fairly. I.E. his child.

I know, there is a great deal of money involved. But people have been living off her money for years now, while she owe student loans, she need a vehicle to get to work, while her inheritance is being squandered on what. TAXES, COURT COSTS, and LAWYER FEES of lawyers who has been sitting pretty for at least 3 yrs now.

I am praying that the Bible that the Courts encountered every day, stands for something other than a hand rest.

I am ~~am~~ seeking justice, and Demanding the truth from the court system. And yes I did see the burns he had on the right front side of his body. not cuts but burns, if you are still skeptical, of why do the right thing, before

it's too late and murder charges
attached to this case open again.

I hope you are found doing the
right thing and not abusing your
power of authority for the sake of
monetary gain of something that
does not belong to the lawyers.

I am 100 percent sure if Johnny
Elder is not Tomi K. S. H. Camper's
dad, it is for sure Prince Rogers Nelson's
daughter. Because those were the only
men that came to 8333 Alpine. Mr.
Elder, was ruled out by the Wayne County
Friends of the Courts. I've been through
a very lot over the years, to get to
this point and judge, I can't stop
now because of the abuse I've endured
and believe it's all because of this.

The truth will set everyone free.
Please join me.

Sincerely
Shirley Camper
