Re: Engagement Letter

Dear Omarr:

Thank you for selecting this firm to provide legal services to you as legal counsel, personally in your interest in the Estate of Prince Rogers Nelson ("Estate"). As we have discussed, it is our practice at the beginning of an engagement to set forth our expectations regarding billing and the scope of our engagement and services you expect us to perform. As we have also discussed, the terms of our engagement diverge from our standard terms.

Unless we agree otherwise, our statements will be rendered to you on a monthly basis, based upon hourly rates which the firm establishes for each member of our staff who provides legal services to clients. Subject to periodic adjustments, my hourly rate is \$500.00, Tom Kane's is \$525.00, and the lawyers in our Private Client Services (Trust and Estates) group tend to be between \$650-800.00 per hour. Other than our firm, your prior lawyer Sally Friedman and Anthony ("Van") Jones, you do not have any other attorneys currently engaged to assist in this matter, nor do any lawyers or other parties have an interest in your prospective proceeds of the Estate.

As you do not have the current resources to pay our fees, we will seek to recover them as follows. First, we will be seeking to have you named the personal representative of the Estate. At that time, we will be submitting our bills to the Court for payment directly by the Estate. With regard to any fees not paid by the Estate, we will wait to get paid from your prospective proceeds of the Estate. We reserve the right to apply an interest component of seven percent (7%) to any fees that are unpaid for longer than 30 days. You, of course, are entitled to pay our fees currently to avoid this interest charge. You have the absolute right to discharge us for any reason at any time. In that event, you will remain responsible for all fees and costs incurred through the date of discharge.

Sincerely,

COZEN O'CONNOR
