The judges of the Eighth Judicial District met on March 4, 2005 and discussed the practice of attaching correspondence or non-affidavit reports with an affidavit certification to petitions in CHIPS and Termination of Parental Rights matters. Following discussion, the following was adopted as an administrative policy of the Eighth Judicial District.

Eighth Judicial District court administrators will not accept CHIPS and Termination of Parental Rights petitions that incorporate external non-affidavit reports to form a factual basis for the petition.
